Joan Nelson Steps Down as American Humanics Campus Director

We were all sad to say goodbye to Joan Nelson as she decided to return to the Heart of Florida United Way to focus on her work there on a full-time basis. Joan Nelson was integral in the success of this program. She developed the curriculum for the AH program at UCF, recruited the first groups of students, and maintained great relations with the national office. She definitely provided a strong foundation on which the American Humanics program at UCF can grow. We are very happy that Joan will remain close to the program in her role on the Nonprofit Advisory Board and as an adjunct instructor with the Public Administration.

Stephanie Loudermilk Krick...New AH Campus Director

Stephanie Krick was named the new AH Campus Director in August. She has worked closely with Joan Nelson as the Graduate Teaching Assistant for the AH program since the fall of 2002 so it is expected that the transition will be seamless. Stephanie brings with her close to 10 years experience in the nonprofit sector both in the local and national level. Stephanie is also pursuing her PhD in Public Affairs and is expected to graduate by Spring 2007.

Stephanie can be reached at 407-823-0661 or at skrick@mail.ucf.edu.
